

**Edmonton  
Chapter**

## **Industry Tour**

### **Alley Kat Brewery Company Ltd.**

**Location: 9929-60th Ave., Edmonton, Alberta**

**Date: Friday, May 7, 2010**

**Time: 6:00 registration, tour begins at 6:30 PM**

Have you ever wanted to learn about brewing beer? Or perhaps you are just interested in having a fun time tasting a variety of delicious beers that are made locally in Edmonton! Whatever the reason, you should definitely join your fellow ASM members in touring Edmonton's last remaining brewery in the final "technical" event scheduled in 2010. The tour will be held on Friday, May 7, 2010 and will be more of a social event than a typical technical dinner meeting.

Alley Kat Brewery Company is the fourth oldest brewery in Alberta, and has been making a significant contribution to the wonderful world of beer since its conception in 1994. The first (and arguably the most famous) beer that Alley Kat Brewery ever made was Aprikat, an apricot wheat ale. Other varieties of Alley Kat beers include Alley Kat Amber brown ale, Charlie Flint's organic lager, and Full Moon pale ale. This fantastic facility is both a brewery and a meadery, and has the capacity to ferment approximately 2.4 million bottles of beer every year! For more information, please visit their website at: <http://www.alleykatbeer.com>

The organized tour of Alley Kat Brewery will be held on May 7, 2010. Registration will begin at 6PM, and the tour will commence at 6:30PM. The meeting fee includes a guided tour of Alley Kat Brewery (complete with tasting) and a pizza dinner. Due to space constraints, there are a limited number of available spots for the tour, so if you are interested in attending please RSVP to Megan Axley ([megan.axley@albertainnovates.ca](mailto:megan.axley@albertainnovates.ca)) before May 5, 2010 to secure your spot.

**\$25 for members of the affiliated societies (ASM, AWS, CWS, SME and CSME)**

**\$35 for non-members**

**\$10 for students**
